

Apple Instructions

- Optional: Cut the top and bottom of your plate to look more like an apple.
- Color your paper plate red.
- Cut a worm shape out of the green construction paper.
- Cut a stem out of the brown construction paper and a leaf out of the other green construction paper.
- Glue googly eyes on your worm and add a smile.
- Slip the worm into the slit in the apple.
- Glue the stem and leaf onto the paper plate.

Parent Tip:

you can move the worm up and down in the paper plate, so kids can play with their craft after making it.
