

Yarn Pumpkin Instructions

- Color the pumpkin stem with a crayon or marker.
- Cut the yarn into small pieces.
- Spread glue onto the pumpkin with a glue stick.
- Sprinkle the yarn over the pumpkin. Press down on the yarn to secure it to the glue
- Lift the pumpkin and shake gently to remove yarn that isn't stuck to the glue. This will reveal patches where glue and more yarn can be applied.

Parent Tip:

This craft supports early learning while kids have fun making pumpkins. The textures and colors of this craft provide awesome sensory experiences for toddlers. Working with the glue stick and small pieces of yarn engages fine motor skills. Talking about the fall season and how pumpkins grow promotes language skills and early learning.
