

Spin Drum Instructions

- Push the stick up through the corrugated cardboard circle (See image below).
- Thread one piece of string through each of the punched holes.
- Tie a knot in both strings close to the cardboard circle (see image below).
- Thread two beads on each string and tie a knot to keep them from falling off.
- Color the cardboard with markers to decorate your drum.
- Hold the stick and spin the drum so the beads hit the cardboard to make music!
