

# This is Me Instructions

- Pick a yarn color to match your hair and glue it on the head of the body.
- Cut clothes out of the construction paper and glue them to the body.
- Glue googly eyes to the body and draw in a mouth and nose.
- Color and decorate your clothes and body to make it look like you!

## Parent Tip:

Talk with your child about what makes them unique. Do they have freckles? Glasses? A scar? Have them include these unique features on their body craft.

Don't worry if the eyes, nose, or other features aren't exactly where they are supposed to be. Encourage your child to be creative and let them create the craft however they envision it.
