

# Chicken Instructions

- Round off one side of the large white rectangle.
- Starting from the non rounded side, accordion fold up the white paper. Leave enough space flat for the chicken's face.
- Cut the nose, feet, and comb (part on top of the chickens head) out of orange paper.
- Cut wings out of white paper.
- Draw in eyes with a black marker. Glue on nose, feet, comb, and wings.
- Use a marker to put dots all over the chicken for feathers (or decorate however you want).

## Parent Tip:

Folding paper is a great way for kids to work on their fine motor skills. Show your child how to accordion fold, and then let them take over. It is ok, if the folded lines do not match up perfectly.
