

# Pizza Card Instructions

- Using paint or markers, color the outside of the paper plate brown and the inside red.
- Cut strips of the yellow construction paper to look like cheese.
- Glue the cheese to the pizza.
- Cut hearts (or circles) out of the red construction paper and glue them to the pizza.
- Draw red dots on the red hearts to make them look like pepperoni.
- Glue the pizza to the cardstock paper that says "You're the Pepperoni to my Pizza"
- Give the card to someone you love.

## Parent Tip:

Your child may not be able to cut hearts out of construction paper, and that is ok! You can help them, or you can let them cut their pepperoni into whatever shapes they can.
